PROFESSIONAL SUMMARY

Results-driven Virtual Assistant with over 2 years of experience supporting UK-based executives in advertising reporting, social media management, video editing, graphic design, and e-commerce operations. Experienced in managing multiple brands across diverse industries, adapting marketing strategies, content, and messaging to different niches, target audiences, and business goals. Proven track record of contributing to crowdfunding campaigns that generated millions of dollars in sales through high-performing digital creatives and strategic marketing initiatives. Proficient in Google Workspace, Slack, Notion, and AI-powered tools such as ChatGPT to streamline workflows and improve operational efficiency. Successfully achieved measurable social media growth, generating over 36,000 LinkedIn views and 58,000 TikTok views through data-driven content strategies. Skilled in Facebook Ads creative development, UGC content creation, video editing, and brand management. Leveraging an Economics background, combines analytical thinking, problem-solving, and a detail-oriented, strategic approach to drive brand performance, optimize marketing efforts, and support scalable business growth.
